1.Aim

To design and develop a responsive Hospital and Healthcare Services Website that provides information about hospital departments, doctors, medical specialties, facilities, visiting hours, and emergency contact details. It also includes an accessible appointment request form to help patients easily request medical appointments.

CODE: <!DOCTYPE html>

```

  <script>
    document.getElementById("appointmentForm").addEventListener("submit", function
(event) {
      event.preventDefault();

      if (!this.reportValidity()) return;

      document.getElementById("formMessage").textContent =
        "Thanks! Your appointment request has been received.";
      this.reset();
    });
  </script>
</body>
</html>
```

Output

A user-friendly and responsive hospital website displaying:

1. Hospital name, logo, and navigation menu.
2. Different medical departments and specialties.

3. Doctors' names and qualifications.
4. Hospital facilities and healthcare services.
5. Patient visiting hours.
6. Emergency contact numbers.
7. Online appointment request form.
8. Responsive layout suitable for desktop and mobile devices.

2.Aim

To design and develop a Student Academic Dashboard using HTML and CSS that displays student details, semester results, attendance percentages, subject information, examination schedules, and important announcements. The dashboard uses tables, progress bars, cards, and a sidebar layout to provide a simple and user-friendly interface.

Code: <!DOCTYPE html>

```
<html>

<head>

   <title>Student Academic Dashboard</title>

   <style>

      body {

         margin: 0;

         font-family: Arial;

         background-color: #f2f4f8;

      }

      /* Sidebar */

      .sidebar {

         width: 200px;

         height: 100vh;
```

```
    background-color: navy;
    color: white;
    position: fixed;
    padding: 20px;
}

.sidebar a {
    display: block;
    color: white;
    text-decoration: none;
    padding: 15px;
}

/* Main Content */
.main {
    margin-left: 240px;
    padding: 20px;
}

h2 {
    color: navy;
}

/* Cards */
.container {
```

```
    display: flex;
    flex-wrap: wrap;
    gap: 20px;
}

.card {
    background-color: white;
    padding: 20px;
    width: 180px;
    border-radius: 10px;
    box-shadow: 2px 2px 5px gray;
}

/* Table */
table {
    width: 100%;
    border-collapse: collapse;
    background-color: white;
}

th, td {
    padding: 12px;
    border: 1px solid gray;
    text-align: center;
}
```

```
th {
    background-color: navy;
    color: white;
}

/* Progress Bar */
.progress {
    background-color: lightgray;
    width: 100%;
    height: 15px;
    border-radius: 10px;
}

.bar {
    background-color: green;
    height: 15px;
    border-radius: 10px;
}

/* Responsive */

```

</html>

Output

A responsive Student Academic Dashboard is created successfully. It displays student profile details, academic performance, attendance progress, subject details, examination timetable, and announcements in an organized layout using cards, tables, and progress bars.

3.Aim

To design and develop an Online Shopping Website using HTML and CSS that displays different products, prices, discounts, ratings, categories, and product descriptions. The website includes a responsive product grid, promotional banners, and a shopping navigation bar **with user-friendly shopping buttons.**

Code: <!DOCTYPE html>

```
<html>

<head>

  <title>Online Shopping Website</title>

  <style>

    body {

      margin: 0;

      font-family: Arial;

      background-color: #f2f2f2;

    }

    /* Navigation Bar */

    nav {

      background-color: navy;

      color: white;
```

```
    padding: 15px;
    display: flex;
    justify-content: space-between;
    align-items: center;
}

nav a {
    color: white;
    text-decoration: none;
    margin: 10px;
}

/* Banner */
.banner {
    background-color: orange;
    color: white;
    text-align: center;
    padding: 40px;
}

/* Categories */
.categories {
    text-align: center;
    padding: 20px;
}
```

```
/* Product Grid */
.container {
    display: flex;
    flex-wrap: wrap;
    justify-content: center;
    gap: 20px;
    padding: 20px;
}

.card {
    background-color: white;
    width: 220px;
    padding: 15px;
    text-align: center;
    border-radius: 10px;
    box-shadow: 2px 2px 5px gray;
}

.card img {
    width: 100%;
    height: 150px;
    object-fit: contain;
}
```

```
.price {
    color: green;
    font-weight: bold;
}

.discount {
    color: red;
}

button {
    background-color: orange;
    color: white;
    padding: 10px;
    border: none;
    cursor: pointer;
}

button:hover {
    background-color: darkorange;
}

/* Footer */
footer {
    background-color: navy;
    color: white;
